# THE PARTICIPATIVE BUDGETING

Miina Härma Gümnaasium's project "Härma spordi- ja seikluspark" has been submitted to participate in Tartu's participative budgeting campaign.

The members of the team who put together the project, were the head of the Parent Advisory Board, **Tarmo Punger**, our students **Anton Laidmets** and **Mattheus Dvinjaninov**, our graduate student **Ruth Piir**, the parents **Inga Talvis**, **Sten Weidebaum** and **Mari-Liis Viirsalu**, our teachers **Age Raimets** and **Tairo Talvis**, the members of the senior management team **Eda Lemberg**, **Liis Somelar** and **Tiia Lepik**.

We also thank the students who shared their ideas about what to include in the project. A special thank to the following students:

**Nora Lepp** (1b), who was the first person to present the idea about the adventure track and the hopscotch areas and supported it by a nice drawing.

**Emili Saar** (6b). who presented the idea for the exciting benches and added photos to illustrate the idea.

**Kaur Vadi** (8a) who pointed out the need to renovate the football field, presented supportive arguments and brought out good examples.

The students will receive a gift bag with a surprise from their homeroom teachers.

The management team of MHG is grateful to everyone who shared their ideas.
