## NOTICED AT HÄRMA

- On 18-20 October, the Solaride team organized the **Build-a-Thon Energy hackathon**. **Andri Türkson** (12b), **Ralf Jürgenson** (12DP) and **Mart Väljamäe** (11b) from Miina Härma Gümnaasium participated in this competition with the team "Külm ja Raske" together with Aleks Tõnnus and Giorgio Giancarlo Lelm, students of Tallinn Technical Gymnasium. The team chose Enefit's problem of finding a solution to simplify electric car charging, as users currently have to manage multiple apps and payment settings. This problem was interesting - it was the only team that took this challenge. It was particularly exciting that Enefit provided a genuine rapid charger for testing, which allowed the solution to be practically tested and demonstrated. The last day was mainly used to create the video and prepare the presentation. **Although it was the only team comprising secondary school students, they surprised everyone with their professional approach.** We are incredibly proud that Enefit expressed interest in further cooperation to bring the solution to the market. **The team won 1st place (award of 3000 euros), the TalTech innovation award (1000 euros) and a special award from Enefit.**

## NOTICED AT HÄRMA

- On 17-20 October, a competition for wind instruments and percussion players dedicated to D. O. Wirkhaus was held at Tartu parish Music School. **Adeele Kams** (8a) took 3rd place on the flute and **Janno Lani** (6a) performed there on the euphonium and **won 1st place** in his age group (low brass instruments).

- E Studio's girls' choir went to the Kalamata International Choir Competition in Greece in October and won 1st place in the category of youth choirs and 2nd place in the category of sacred songs (competing together with adults). The choir was selected as one of the 7 best choirs in the Grand Prix round. From our school, **Anni Vunder** (9a) and **Grete Konsap** (11c) sang in the choir.

## NOTICED AT HÄRMA

- On 1 November, 12c students **Marian Pärn** and **Helis Marleen Saare** organized a charity second-hand fair "Härmakalt Härmakale" as part of their UPT.

- On 31 October, both of our school buildings were decorated in frightening beauty. The two student councils put in effort to distribute the activities throughout the day. A lively Halloween disco ended the school day in the Puiestee building.
