TEACHER TRAINING FIELD TRIP

During the field trip to Ida-Viru County on 2-3 May, our teachers visited two local schools, Kohtla-Järve State Gymnasium and Ahtme Basic School, and learned about the challenges and success stories of the transition to Estonian-language education and the values of these schools. On the second day, we summarised what we saw during the school visits and discussed our school culture. In group work, we identified topics to focus on in the future.
